Subject: FW: Results for Central Sands (work order # 1805005 - Anions - Nitrate only)
Attachments: 1b_1805005 Anions by IC FINAL Jul 26 18 0814.pdf; 1805005 Anions by IC FINAL EXCEL 26 Jul 18 0814.xls

Reanalyzed some of the nitrate analyses that was preserved. We (Dean and I) believe there was a contamination issue. Attached is the analyses using the samples collected to be analyzed for anions. Re-ran for nitrates because no preservative was used, so no contamination issue.

Please let me know if you have any questions.
